

CANSTRUCTION ROCHESTER

259 Alexander Street  
Rochester, New York 14607  
t: 585.287.5850

Dear Community Leader,

Did you know that more than 200,000 area residents seek emergency food assistance every year? Canstruction Rochester is a unique opportunity to help those in need. This design-build competition helps feed thousands of hungry people and promotes a greater awareness of hunger issues in the Rochester Community, while spotlighting the design and construction industry.

Canstruction® is a benefit competition organized by the American Institute of Architects and the Society of Design Administration. It combines the fun of a design-build competition with an ingenious way to help feed hungry people. Teams of architects, engineers, contractors, businesses, and students compete to design and build colossal structures made entirely out of canned and boxed foods. The results are giant "canned art" exhibits currently held in Rochester and many other cities across the globe. At the close of the event, all of the food used in the structures is donated to Foodlink, where it is then distributed to Rochester-area food pantries, shelters, soup kitchens, elderly and day care centers.

This year, Buckingham Properties is pleased to once again serve as the Presenting Sponsor for what marks Canstruction Rochester's 12<sup>th</sup> annual competition. The theme for 2019 is "Heroes & Villains." Teams are encouraged to think creatively to incorporate the theme into their sculpture.

The 2019 campaign is officially underway and we welcome your firm to compete in this year's event. Included in this packet is all that you need to get started. Build Day will take place on Saturday, November 9<sup>th</sup>, followed by a two-week exhibition within Strong Museum.

Best Regards,

A handwritten signature in blue ink, appearing to read "Ken Glazer".
